SAMPLE-09	200	OK	OK	34,873.00	34,873.00	9.67
SAMPLE-10	200	OK	OK	41,620.00	41,620.00	2.18

10/10 valid · 10/10 interpretation correct · 10/10 replay clean, against the real deployed image and the real model.

No hedged cases in this run (empty hedged_cases list): the ensemble agreed with ground truth on all ten, so the majority reading alone was already correct and the meet-hedge shipped it unchanged.
